

Foreign Visits

Dr. J.V.R.MURTHY

1. He visited Chicago State University during 20th- 28th October 2013 for International Training & Study Networking Tour for starting joint M.S Program exploring the possible collaborating with local industries in United States of America and University College of Engineering Kakinada.
2. He visited Chicago State University during 2019 for International Training & Study Networking Tour for starting joint M.S Program exploring the possible collaborating with local industries in United States of America and University College of Engineering Kakinada.

Dr. K. V. Ramana

1. He visited Chicago State University, Chicago, USA during 2016 for Indo-U.S. 21st Century Knowledge Initiative project for University-Industrial Cooperation, Creativity, Diversity and Entrepreneurship in Computer Science.
2. He visited Netherland during May 14-15, 2015 for presenting a paper on “A Fully Automated New-Fangled VESTAL to Label Vertebrae and Intervertebral Discs”, XIII International Conference on Artificial Neural Networks (ICANN15).
3. He visited New Orleans, USA, 2009 for Allied Academics.
4. He visited Archon, France, 2007 for presenting a paper on International conference WEAS-07.

Dr. L. Sumalatha

1. She visited Chicago State University, Chicago, USA during 2016 for Indo-U.S. 21st Century Knowledge Initiative project for University-Industrial Cooperation, Creativity, Diversity and Entrepreneurship in Computer Science. The outcomes of visit are :
 - A data Science concentration in the Masters programs in CSU.
 - A program of doctoral studies in CPTR at Indians routed through CSU. JNTUK available to US nationals/Non Resident
2. She Presented research paper in IEEE Technically Sponsored SAI Computing Conference, London during 13th July to 16 July 2016.
3. She visited Stanford University, California, USA for Silicon Valley Meet-up during March 2018 for Two Weeks as faculty champion along with Two students of IV B.Tech CSE Namely Pravalika and Sandhya for University Innovation Fellows Program sponsored by Google and APSSDC. They trained on Design Thinking and Innovation to make the students as change agents of UCEK (A).

Dr. MHM. Krishna Prasad

1. He visited National University of Singapore, Singapore for International Training programme PIUM for 5 days from 28th September 2015 to 2nd October, 2015.
2. He visited University of Melbourne, Melbourne, Australia for presenting a paper “An efficient semantic Ranked Keyword Search of Big Data Using Map Reduce” at “5th International Conference on Information Computer Application”-(ICICA-2016) during 18th-19th January, 2016 and also visited Knowledge-Discovery Laboratory, Melbourne.
3. He visited Churchill College, University of Cambridge, UK for presenting a paper titled "Network Entropy Based Overlapping Community Detection in Social Networks" at International Conference on "Internet of Things Data and Cloud Computing (ICC-2017)" during 22nd and 23rd March, 2017.
4. He visited Chicago State University, Chicago, USA during 2018 for Indo-U.S. 21st Century Knowledge Initiative project for University-Industrial Cooperation, Creativity, Diversity and Entrepreneurship in Computer Science. The outcomes of visit are :
 - A data Science concentration in the Masters programs in CSU.
 - A program of doctoral studies in CPTR at Indians routed through CSU. JNTUK available to US nationals/Non Resident

Dr. A. S. N. CHAKRAVARTHY

1. He visited Bangkok, Thailand and Participated in “ASDF – World Security Summit 2014”, organized by ASDF, Bangkok held on 30th December 2014.
2. He visited Kathmandu, Nepal and presented paper titled “Analysis of Cyber-Criminal Profiling and Cyber-Attacks: A Comprehensive study” at 3rd World Conference on Applied Sciences, Engineering & Technology 27th -29th Sept. 2014.
3. He visited Kathmandu, Nepal and presented a paper titled “An Innovative Progress Approach for Quantity Mining of item sets” 3rd World Conference on Applied Sciences, Engineering & Technology 27th -29th Sept. 2014.
4. He visited Kathmandu, Nepal and presented a paper titled “An Integrated Approach to Provide Security and Resist Thefts on Digital Data” 3rd World Conference on Applied Sciences, Engineering & Technology 27th -29th Sept. 2014.
5. He visited Kathmandu, Nepal and presented a paper titled “Cloud Forensics: The Need and Challenges A Research & Fact Compendium” 3rd World Conference on Applied Sciences, Engineering & Technology 27th -29th Sept. 2014.

6. He visited Kathmandu, Nepal and presented a paper titled “Implementation of X.509 Attribute Certificates for Cloud Environments“ 3rd World Conference on Applied Sciences, Engineering & Technology 27th -29th Sept. 2014, Kathmandu, Nepal.

Smt. A. Karuna

1. She visited Stanford University, California, USA for Silicon Valley Meet-up during March 2017 for Two Weeks as faculty champion along with Four students of III B.Tech CSE Namely Srilekha, Likitha, Sandhya and Bhargavi for University Innovation Fellows Program sponsored by Google and APSSDC. They trained on Design Thinking and Innovation to make the students as change agents of UCEK (A).

Smt. E. Suneetha

1. She visited Stanford University, California, USA for Silicon Valley Meet-up during November 2017 for Two Weeks as faculty champion along with Two students of III B.Tech CSE Namely Krishna Chaitanya and Prathiba for University Innovation Fellows Program sponsored by Google and APSSDC. They trained on Design Thinking and Innovation to make the students as change agents of UCEK (A).
