UNIVERSITY COLLEGE OF ENGINEERING KAKINADA (Autonomous)
JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY KAKINADA,
A.P., INDIA - 533003.

Date: 20-07-2020.

Dr. B. Balakrishna

B.Tech., M.Tech., FIE., MISTE., Ph.D.

Professor of Mechanical Engineering &

PRINCIPAL

Dear Sir/Madam,

Subject: UCEK - Platinum Jubilee Celebrations (2020-2021) - Regarding.

Spirits are soaring in the campus of the University College of Engineering Kakinada as it is celebrating 75 years of its glorious existence. One of the premier institutes providing technical education and nurturing 'the very best' of the youth; it has been known to produce leaders with an all-round personality.

University College of Engineering Kakinada (Autonomous), under J N T U Kakinada, was originally 'The College of Engineering, Vizagpatam' at the time of its establishment in the year 1946 by Government of the Composite Madras State. It is now a sprawling campus of 110 acres, green with mango trees in the fast developing Port city of Kakinada. Kakinada has a rich political literacy and cultural heritage passed on through generations. This college became a constituent College of the Jawaharlal Nehru Technological University, Hyderabad w.e.f. 02-10-1972. The College has become autonomous in the year 2001. From 20th August, 2008, it became a constituent college of the newly established JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY KAKINADA.

Now, the year 2020 – 2021 is Platinum Jubilee year for our illustrious institute. The institute's campus has been bustling with activities for the year 2020-2021. Several eminent alumni of the institute will be in contact with the campus, interacting with the students, making them aware of the latest developments in their respective professions, by means of organizing workshops and seminars, in addition to social and cultural activities that are planned for the entire year. The Inaugural Function was held on 16th July 2020, at 10 AM in the campus. The chief guest, Prof. K. Hemachandra Reddy and other guests have participated through on line.

As part of Platinum Jubilee celebrations, the UCEK has planned to construct a **Platinum Jubilee Memorial Convention Center** (with about 80,000 sft) for the purpose of conducting workshops, FDPs, R&D and other academic student centric activities. The

estimated cost of the proposed building is about Rs. 25 Crore. Such a task involves contributions from various Institutes and people across the globe. You are aware that the financial commitment on the Organizing Institute is very high and the ways and means are limited. Under these circumstances you are requested to contribute generously for the construction of the platinum memorial building and the successful conduct of the celebrations.

Individual alumni and others can send their donations through cheque/demand draft to the Principal's address, as per the details given under.

Institutions/organizations/associations also can send their donations through cheque/demand draft.

As a part of the celebrations, a "**Souvenir**" also will be released, with brief history of the college, the successive Principals, academic and social contributions of the college to the society, the successful alumni and their contributions and the goals ahead for the college.

Institutions/organizations/associations can send their information that is to be included in the Souvenir by paying the following charges:

Souvenir Charges:

- | | |
|-----------------------|------------------|
| 1. Full page color | : Rs. 2,00,000/- |
| 2. Half page color | : Rs. 1,00,000/- |
